

The thankQ CRM Advantage

Unlimited contacts & records: Your database may grow, but your costs never will as a result. You won't be penalized for expanding your contact base.

Cloud-based software: Freshly designed user interface is easy to use wherever you are, on your favorite device.

Insights at your fingertips: Design and develop reports and data extractions quickly, easily, and efficiently, without customization.

In-app configurator: Make system-wide changes to enhance and modify thankQ CRM's functionality to suit your organization's unique needs.

Social media integration: Identify and engage with digital influencers in new ways by making the most of social media analytics.

Seamless transition: Our implementation partner, JCA, has been doing fundraising system implementations for almost 30 years, making your transition quick and painless.

Easy searching: A combination of powerful search tools means finding your contacts is easier than ever before.

Bulk email integration: View emails, reads, click-throughs, and unsubscribes in an accessible environment, helping you to analyze your mass mailings.

Data input: Streamlined data input forms, reducing time spent inputting data individually or en masse.

Map view: Locate and engage supporters, donors, members, and more by plotting your contacts in map view.

User manual & help: Task-oriented assistance through a series of help files and videos explaining how to undertake a range of tasks.
